

National/Texas Do Not Call

The federal government and many states have created an opportunity for consumers to reduce unwanted telemarketing telephone calls. Consumers simply register with the National Do Not Call Registry by telephone at 1-888-382-1222. For TTY call 1-866-290-4236. You must call from the phone number you wish to register. You may also register by Internet at <https://www.donotcall.gov>. Inclusion of your telephone number on the National Do Not Call Registry will be effective thirty one (31) days following your registration. As a result of consumers registering on the national list, telemarketers must remove the registered consumer's name and number from their calling lists and cease calling until the consumer requests their number be removed from the list or discontinues service. The National Do Not Call Registry is a free service to consumers.

Consumers in Texas may also register with Texas No-Call, which prevents telephone solicitations to residential and wireless phone numbers from all telemarketers operating in Texas. Within 180 days of the date a non-business number is registered it should appear on the published list and Texas telemarketers must cease calling. Consumers may register for the Texas No-Call list in one of two ways:

1. Online at <http://www.texasnocall.com> for instant registration. Utilize this easy, automated method to speed your registration. The site is available 24 hours a day, 7 days a week, 365 days a year. Online registration is now free.
2. You may renew your registration through the mail at no charge. Download a copy of the printable form and mail to:

Gryphon.ai dba Texas No Call
PO Box 674624
Dallas, TX 75267-4624

There is no charge to register your residential or wireless number on the statewide "Do Not Call List." Your number(s) will remain on the list for three years.

Texas consumers may want to consider registering with the National Do Not Call Registry since it covers national telemarketers and the Texas No-Call affects only telemarketers operating in Texas.

The National and the Texas No-Call lists do not prevent all telemarketing calls from being received once a consumer is registered. Both registries contain exemptions on who can continue to telemarket consumers.
